room H-450, 's Gravendijkwal 230, 3015 CE Rotterdam, The Netherlands

Project Assistant

- 2012 – 2015: Project assistant in international EU-funded project 'Combating Trafficking in Persons for the Purpose of Organ Removal' (HOTT Project).

Project objectives: increase knowledge, awareness and improve non-legislative response.

Activities:

- contributes to project management related tasks including identifying, collecting and compiling all information required to fulfill EC rules and ensure that reporting deadlines are met;
 - financial management;
 - provides necessary support to the project team in day-to-day administrative tasks;
 - maintains the stakeholder database;
 - organizes meetings according to the project proposal agenda, including logistics, registration, taking minutes;
 - files and archives all project documents;
 - gives support to project communication and dissemination of books and reports;
 - updates the project website content;
 - assisted in the proposal submission and during the negotiations.
- 2010 – 2012: Project assistant in international EU-funded project 'Living Organ Donation in Europe' (EULOD Project).

Project objectives: establish inventory of living donation practices, explore and promote living donation as a way to increase organ availability, present recommendations to improve quality and safety.

Activities:

- contributes to project management related tasks including identifying, collecting and compiling all information required to fulfill EC rules and ensure that reporting deadlines are met;
- financial management;
- provides necessary support to the project team in day-to-day administrative tasks;
- maintains the stakeholder database;
- organizes meetings according to the project proposal agenda, including logistics, registration, taking minutes;
- files and archives all project documents;

Resumé Marian van Noord

- gives support to project communication and dissemination of books and reports;
 - updates the project website content;
 - assisted in the proposal submission and during the negotiations.
- 2007 – present: Management assistant of the European Platform on Ethical, Legal and Psychosocial Aspects of Transplantation (ELPAT).

ELPAT objective is to facilitate the European research area in this field of science, and to bring continuity and progress in the dialogue on the complex issues of organ transplantation ethics. Through this, ELPAT aims to contribute to the solution of discrepancies between European countries and formulates, amongst others, European guidelines on ethical, legal and psychosocial aspects of organ transplantation.

ELPAT is a Section of **ESOT** (European Society for Organ Transplantation).

Activities:

- provides necessary support to the coordinator in day-to-day administrative tasks;
 - maintains the members database;
 - organizes meetings (for the Board, annual joint ELPAT/ESOT working group meeting (70 delegates; 5 meetings) and 3 international ELPAT conferences (300 delegates)), including logistics, registration, taking minutes, financial management, abstracts handling, etc.;
 - files and archives all relevant documents;
 - gives support to communication and dissemination of books, reports, newsletters;
 - updates the ELPAT website content;
 - assisted in the EU proposal submission and during the negotiations.
 - maintains communication with members and ESOT office.
